

DataMigration Standards for Windchill - Bug #44

WBM Staging Table Load

04/30/2026 06:14 PM - Olivier Feutseu

| | | | |
|--|--------------|------------------------|------------|
| Status: | New | Start date: | 04/30/2026 |
| Priority: | Normal | Due date: | |
| Assignee: | Pamela Kanda | % Done: | 0% |
| Category: | | Estimated time: | 0:00 hour |
| Target version: | | Spent time: | 0:00 hour |
| Description | | | |
| develop scripts to load extracted data into WBM staging tables | | | |
| Standardize: | | | |
| Table mappings (e.g., MAXWTPART, MAXEPMDOC, MAXWTDOC) | | | |
| Data type conversions | | | |
| Default values (e.g., lifecycle states like INWORK) | | | |
| Implement: | | | |
| Bulk loading mechanisms | | | |
| Logging of rejected/invalid records | | | |
